Important Paragraphs and Emails

Model Paragraph 1

“Shopping online”

Not all people think the same about shopping online. Some people think shopping online is great. They think it saves time because they don't spend much time travelling to the shops. And they can stay at home and buy anything they want in a few minutes. They think that they have many choices online. In their view, shopping online will make less cars on the streets so there will be less pollution. On the other hand, some people don't think the same. They don't like shopping online. They say they always have a wrong delivery when they shop online. They don't like to waste time waiting for a delivery. They prefer to try things before buying them.

Model Paragraph 2

“How to be safe online”

Although the internet is very useful for us, it has also dangers. Using the internet can be good and bad at the same time. So we should be careful when we use the internet. When you are online, you should remember these rules. Keep your password secret. Don't make friends with people you don't know online. Don't tell people your personal information. Don't spend a lot of time online. You will waste your time and you will damage your eyes if you spend too much time looking at screens. You should be careful as using technology too much time will make you addicted to the internet.

Subject : how technology is useful

Dear Ali,

How are you doing ? I'm happy to send this email to you. I want to tell you about technology and how it is useful for us. We have studied about many modern inventions like new headphones that can translate from any language into your language. There's also a clever jacket which uses an app to make you warmer when the weather is cold. Another invention is half-motorbike and half-helicopter. It can push you into the air at the speed of a fast car. Write to me about your favourite invention.

Yours
Farid

Model Paragraph 4

"My favourite snack"

We like to eat snacks. They are delicious and light. I like snacks that have a lot of sugar. I like sweet food. Cake is my favourite snack. I'd like to eat cupcakes between meals when I feel hungry. Sometimes I can't have cakes when there are nuts in them, as I'm allergic to nuts. I become sick if I eat them. So I must be careful what I eat. My mother makes nice cakes at home for me when she has more free time. The cakes are healthier when mum makes them at home.

Model Paragraph 5

"Fast food"

Fast food is food that is quick and easy to buy or cook. Although it is very tasty, it is not healthy. It has much fat and sugar in it. So it is not a good idea to eat fast food. You should have healthy snacks between the meals when you feel hungry. Healthy food gives you energy and makes you strong. Fruits and vegetables are healthy snacks. You can eat a lot of them. Nuts also are very good for your body. You can have nuts as a snack if you don't have an allergy to it. You should think before you eat anything if it is good or bad for your body.

Model Paragraph 6

"Healthy food"

If you want to be healthy, you should be careful what you eat. Not all kinds of foods are healthy. Fast food isn't healthy food as it has a lot of sugar, fat and salt. Fruits and vegetables are very healthy food. They have a lot of vitamins and natural sugar which are good for your body. Dairy products like milk and cheese are very useful. They help us to have strong bones. Meat and nuts have protein in them, so we need them to have a strong body.

Disabled means someone who isn't able to use a part or parts of the body in the way other people can. Disabled people are not different but they need more help. For example, the blind need special schools to learn how to use Braille. They can read and write, draw and even play music. They also need help in public transport. Deaf people also need help to be able to communicate well. To conclude, the disabled are heroes : they can do amazing things, but they need more help to live a normal life.

I like watching films. My favourite kind of films is adventure films. They are very exciting. "Jurassic World" is one of my favourite films. It's an adventure film. It was made in 2015. Dear Omar,

There are many art museums in Egypt. One of them is the Museum of Modern Egyptian Art. It's in Cairo. It's a part of the Cairo Opera House. There are art works by Egyptian artists from the 20th and 21th centuries. The artists' works are really good because they showed what life was like in Egypt in the past and now. There are portraits of important and normal Egyptian people in the museum. There are also a lot of sculptures, both big and small. The museum is free so you don't have to pay anything to visit it.

Yours,

Tarek

Model Paragraph 12

"Clothes in Ancient Egypt"

In Ancient Egypt, men and women wore similar clothes. They both wore loose, white, linen clothes with a belt. Ancient Egyptians did not wear shoes most of the time but rich people sometimes wore expensive leather sandals. Children did not usually wear many clothes until they are about six years old. Then they started to wear the same clothes as their parents. Although Ancient Egyptians' clothes were simple, they loved to wear heavy, metal jewellery. Rich people wore beautiful gold necklaces. Other people wore also jewellery but cheaper.

Model Paragraph 13

Water is the most important thing to live. So that we must save water. Unfortunately, some people don't care about water. They throw out their rubbish in water. As a result the water becomes polluted in many places. Polluted water causes many diseases to us. But how we can save water from pollution. Some students have invented a system to take the rubbish from the water and others invented a green system to use sunlight to kill bacteria in water. These amazing inventions should be used all over the world. They're cheap and useful. I hope we can stop water pollution.
