“Ancient Egyptian artifacts”

We have so many artifacts. One reason is the climate. We have a hot, dry climate here in Egypt, so artifacts aren't damaged by cold and wet weather. This helps to preserve them. The Ancient Egyptians also knew that certain materials could last a long time. That's why they built the Pyramids with granite.

“Animals in Ancient Egypt”

The Ancient Egyptians loved animals and kept many as pets. They particularly adored cats. There was a cat in almost every house. They believed that cats looked after them and kept them safe. They were good pets because they cleaned themselves and kept the houses free of pests like rats and snakes.

“Trade in Ancient Egypt”

The Ancient Egyptians traded with other countries, and metal was one thing they traded. They first found metal between rocks. They could melt and form it into different shapes. They made tools and weapons using metal. Gold was a popular metal for making jewelry. Silver was also used. Trade with other countries helped the Ancient Egyptian economy to develop.

“Materials in Ancient Egypt”

The Ancient Egyptians knew that certain materials could last a long time. That's why they built the Pyramids with granite, a very hard and durable stone. They also used a lot of glass, which lasts forever. They also used clay, which is found close to the River Nile, to make pots. They liked to use gold not only because it is valuable, but it is also very durable.

Subject My toys

Dear Hany,
How are things ? I want to tell you about my toys.

I found a box of my old toys at my grandma's house. There was a skateboard. I loved playing with it. I could go really fast after a while! I found my old rollerblades, though. There was an action figure, too. I loved looking at my old toys again. What about you ?

Yours,
Badr

“Your favorite games”

I want to tell you about my favorite games. When I was little, I really liked games that used a lot of imagination. I was very good at making up stories. I had some cuddly toys.

“Pros and cons of video games”

Video games are a favorite thing for many children. They can be a problem when you play them too much. However, I think they can be great when you do something that is very creative or exciting. You can often play with your friends, too. You can play adventure games where you can solve a problem. It can be fun.

Subject A description of my favorite game

Dear Eyad,

I am happy to write this email to you. How are you? My favorite games are video games. I don't play them very often, though. Some of the images in modern video games are amazing. I've got a new games console, which I share with my sister. My favorite games are ones where you build cities. I've made a really big city using different bricks. It has animals and plants in it.

Love,
Maged

"Your favorite story"

I read a story of one of Goha's stories yesterday. The one about a man who goes to the market with his son and a donkey. The setting is the countryside, many years ago. Two of the characters - the man and his son - take turns riding the donkey, because it's a long journey. When the boy rides the donkey, the people they pass say he should let his father ride. When the man rides the donkey they say that he should let his son have a turn. Then, they say the donkey must be tired. In the ending of the story, they both carry the donkey.

"Eco-tourism"

Tourism is important but eco-tourism is becoming very popular, too. Eco-tourism is a way of traveling that doesn't damage the environment. It's more sustainable than traditional tourism, and it is designed to protect nature. People stay in simple accommodation, not large hotels. They mustn't travel in ways that cause lots of pollution.

Subject Migrating birds

Dear Hany,

How are you? I hope you are fine. I learned today about bird migration in science class. Many birds migrate to and from Egypt, and across it, because of where it is in the world. They migrate to find warmer weather. Some birds fly very long distances, making the same journey year after year. They might use the sun, the stars, or the things they can see on the way to know where they go. I enjoyed this lesson.

With best wishes,
Samy

"Different ways to protect habitats"

[BLOG HOME](#)
[ABOUT ME](#)

[ARCHIVE](#)

Thursday, 17th May

We should all try to protect animal habitats. There are lots of different habitats in Egypt such as the desert, sea, mountains, and rivers. We mustn't waste water or drop litter. We can recycle paper, so people don't cut down trees. We can also plant flowers and plants.

"The Ras Mohammed National Park"

The Ras Mohammed National Park on the Red Sea is a fantastic area for locals and tourists to visit. This beautiful area on the Sinai Peninsula is famous for its sea life, warm water, and amazing weather. People come from all over the world to snorkel and scuba dive here.

"Helping the community"

At school, we started a project called Community Help. We all had to choose something we could do to support other people or things in our community.

There were lots of ideas. For example, some people wanted to start vegetable garden in the school to grow fresh fruit and vegetables. That was really popular. Other people volunteered to help clean trash from the river, so that animals' habitats are safer.

Subject Picking up trash

Dear Aya,
 How are things? We try to help the community. We decided to clean the beach up. When we do a beach clean-up, we wear gloves to protect our hands. We carry black bags for the trash we collect. We use a grabber to pick up the trash. You open and close the fingers to pick up the trash, then drop it in the bag. It's better than picking things up with your hands.
 Yours,
 Nesma

"Volunteering"

You learn many important life skills when you volunteer. You learn how to socialize and make friends with people who you don't usually meet. Volunteering also gives you confidence. It's amazing to see how quickly teenagers develop when they start volunteering. Fundraising helps the charities get the money they need. It's good to give back to the place where you live.

"Ways to be a good citizen"

You should respect others. Be polite and kind to your neighbors. Help people who are old or sick. You should protect the environment, too. Reduce waste. Don't use plastic bags or plastic bottles. You must help the community. Volunteer at a local charity event. Let's all be good citizens and make the world a better place.

"I have a better idea," said Granddad. "Let's write a message in a bottle."

"What's a message in a bottle?" Tom asked.

"You write a message on a piece of paper, fold the paper and put it in the bottle, then throw the bottle out to sea for someone else to find." Granddad replied.
